

## Loch Bhac Directions

There are two possible routes through Forestry Commission ground to reach the loch and the track to use depends on local forestry operations. If one of the routes is closed, please use the alternative.

From Pitlochry take the A924 then the B8019 towards Kinloch Rannoch and either

- 1) turn right up the forestry road about 500m beyond the Queen's View Visitor Centre at Allean or
- 2) continue along the B8019 beyond the Visitor Centre for another 5km or so and enter via Grenich.

From Tummel Bridge take the B8019 towards Pitlochry. The Grenich access is about 5km from Tummel Bridge on the left hand side and the Allean access is about 4.5km further along the road.

You will encounter a locked gate for which a key is provided. Lock the gate behind you. Follow the track up to the loch and park in the designated space without blocking access. The loch is about 300m down the track.
